Level 1 Training

Personality Dimensions® is a “B” level assessment which means that you must have specific training in the tool or graduate level training in the use of assessments, typically through a Master’s in Counselling or Psychology degree. This 3-week online training program meets the “specific training” requirements. Participants who successfully complete the training and the qualification exam can become Qualified Facilitators – they can purchase materials and use Personality Dimensions® with groups in basic awareness workshops or specialized workshops on such themes as teambuilding and career planning.

Fee: \$950.00 (plus tax)

Bridging

A bridging workshop gives existing True Colors® Facilitators and Myers-Briggs Type Indicator® Qualified Users an opportunity to gain equivalent qualification for the Personality Dimensions® self-discovery model. Participants in bridging sessions receive a full set of Personality Dimensions® manuals, Dimension cards, Traits and Characteristics checklists, and a PD in Action booklet. Bridging fees include the cost of certification as a PD trainer.
