Case Manager

Case management is a process that facilitates client access to appropriate services and supports. This course is designed to equip case managers to conduct needs assessments, conceptualize cases, prioritize client needs, collaborate with clients to develop action plans and select interventions, and follow-up to ensure clients have achieved their identified goals. The course will also provide tips and techniques for managing time, systems, and data including case notes and documentation, essential competencies for all case managers.

40 hours / 4 weeks online

Job Developer

Job developers have an important role to play in helping clients find meaningful employment and creating strong partnerships with employers; they make a crucial link between the agencies supporting clients and the local business community. Job developers need to be equipped to support diverse clients while also meeting the needs of the employer. This course will outline best practices in job development including understanding diverse clients, preparing clients for employment, making effective client-employer matches, maintaining effective relationships with employers, and dealing with challenges and concerns that may arise.

40 hours / 4 weeks online; 1-week reading break

Career Management Professional Program (CMPP)

Offered in an arrangement with Yorkville University as our academic home, the Career Management Professional Program (CMPP) is designed to meet the professional development needs of career/employment counsellors, career practitioners, human resource management professionals, counsellors, rehabilitation professionals, and/or practitioners in related fields.

7-11 courses per specialization
20 hours / 2 weeks online per course

B-Level Psychometric Assessment Training

Interested in administering and interpreting B-level psychometric assessments? Life Strategies Ltd., in partnership with Yorkville University, is pleased to offer CPE 510 and 521. Combined, these courses will qualify students to purchase and administer “B” level assessments. Both 3-week courses are offered fully online using a facilitated, interactive forum. CPE 521 features two 30-minute one-on-one coaching sessions with the instructor.

CPE 510: 30 hours / 3 weeks online

CPE 521: 30 hours / 3 weeks online

Personality Dimensions Level 1 Qualification Training

Personality Dimensions® is a “B” level assessment which means that you must have specific training in the tool or graduate level training in the use of assessments, typically through a Master’s in Counselling or Psychology degree. This 3-week online training program meets the “specific training” requirements. Participants who successfully complete the training and the qualification exam can become Qualified Facilitators – they can purchase materials and use Personality Dimensions® with groups in basic awareness workshops or specialized workshops on such themes as teambuilding and career planning.

Level 1: 30 hours / 3 weeks online

Bridging: 15 hours / 1.5 weeks online

Majors PTI™/PTE™ Assessment Training

No more forced choices! The Majors Personality Type Indicator (PTI) and Personality Type-Elements (PTE) use levels of similarity to provide clarity. With these graduated response scales (somewhat like me; very like me) not only do you receive information about a choice decision (direction), you also identify the level of similarity between the person and the response (intensity). The addition of levels in the response format, referred to as the Type Precision Module, improves the precision of identifying the individual’s natural preference (92% accurate).

MajorsPTI: 20 hours / s weeks online

MajorsPTE: 10 hours / 1 week online

Upcoming Courses

B-Level Assessment Training:

CPE 510

Feb 11 - Mar 3, 2015

Sep 30 - Oct 20, 2015

CPE 521

Apr 15 - May 5, 2015

Nov 4 - Nov 24, 2015

Personality Dimensions:

TBA

Majors PTI™/PTE™ Training:

TBA
