PERSONALIZING YOUR DEVELOPMENT PLAN

3 BIG IDEAS

Hope plays a central role in the career development process

Personal development plans align key characteristics and contexts

Success requires adaptability and flexibility to stay responsive to shifts in work, life, and learning

2 WAYS TO PUT THIS INTO PRACTICE

Consider the full spectrum of employment options across academic and industry options, including self-employment or gig work

Create dynamic plans by considering what small tasks you can move forward concurrently

1 NEXT STEP

Form a SUCCESS Team to motivate you and hold you accountable.

Who will be on your team?

What small steps will you take?
