Micro-Credential 1 (MC1) Fundamentals of Career Development

Developers

Kris Magnusson,
Simon Fraser University

Description

This module is a primer of current conceptions of career development. The module brings learners up to speed regarding modern approaches to career development in the context of a dynamic and complex work world

Prerequisites

Completion of, or current enrollment within, a teacher education program

Micro-Credential 2 (MC2) Career Development and Mental Health Connections

Dave Redekopp, Life-Role
Development Group Ltd.
Michael Huston, Mount
Royal University

This module addresses the connections between career development processes and interventions, including career education, and mental health outcomes

- Completion of or current enrollment within a teacher education program.
- Completion of MC1

Micro-Credential 3 (MC3) Teaching Career Curricula in Canadian Schools

Lorraine Godden, Carleton
University
William Borgen, University
of British Columbia

This module is intended to support educators who are currently teaching or would like to develop competency in the delivery of provincially mandated career curricula in their province or territory

-Completion of or current enrollment within a teacher education program.
-Completion of MC1

Licensing Potential

As we look ahead to launching a licensing agreement for the curriculum, CCDF will serve as the interim credential administrator while awaiting the next phase of the Supporting Canadians to Navigate Learning and Work project to move forward.[1]

1. Phase 2 will focus on developing a national certification program for career development professionals across Canada
